

EP Series: Enhanced Design for Easy-to-use Dependability

Eaton's EP Series is a quick connect plastic coupling that provides superior flow performance with an ease and resiliency suitable for many plastic tubing applications.

Features

- Improved single mold barb design
- Ergonomically designed

Benefits

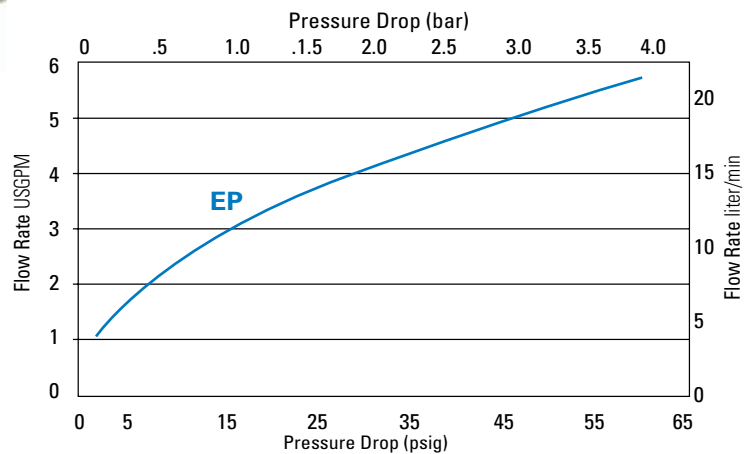

- Dependability: Single mold barb design eliminates leak points.
- Easy to Use: Ergonomically designed for easier gripping while making connections.
- Reliable: Barb design provides greater resistance to tubing pull off.

Applications

- Chemical / Inkjet
- Medical Equipment
- Material Handling
- Food & Beverage
- Fluid
